

## PAPER FOLDING MACHINES

### Model 1217A AutoFolder

The Martin Yale 1217 is the medium-duty folder with heavy-duty features, like a 3-belt conveyor table with delivery tray and a stacking wheel assembly. 11 3/4" x 18" maximum sheet capacity. Operates at a speed of up to 10,300 sheets per hour. The 1217A is the ideal mate for 11" x 17" duplicators and it's easy to set up and operate. Create a variety of different folds: letter, half, z-fold, double parallel, French & Baronial. Made in USA.
